I think Striker is a bigger problem than Spencer tbh, and I've been pretty vocal about it recently.

Hardcore tankie Marxist, starts a shitty little blog, writes for DS, gets on David Duke's show, gets involved in TWP, gets in with TRS, gets all over YouTube.

All while pushing insane retarded Marxist shit and attacking things normies associate with being good (I'm a third positionist in many regards too - I get that multinational corporations and jewish banking systems are evil - but that's NOT what normie cons think about when you attack "capitalism.")

And for whatever reason, people are constantly excusing his idiotic faggotry because what, he has some kind of encyclopedic knowledge about obscure historical kikery? Is that seriously the argument? "Oh, yeah, he's completely poisoning our ideology with Marxist bullshit but he knows about the Cheka and jewish influence in the Ottoman empire so he's cool with me."

Fuck him and everyone who supports and encourages him. I've said it before and I'll say it again, I won't give TRS one more fucking dollah until that rat is gone. It doesn't take a rocket surgeon to figure out that he's a bad actor.
